MAILING ADDRESS: P.O. BOX 5057, SAN JOSE, CA 95150-5057 • PHONE (408) 288-4400

DATE: June 2020

TO: Participants of the I.B.E.W. Local 332 Pension Plan Part B

FROM: The Board of Trustees

SUBJECT: Annual Notice Regarding the Expenses of the Plan

What fees do I pay when participating in the I.B.E.W. Local 332 Pension Plan Part B (the "Plan")? For some participants, the answer to that question may come as a surprise.

In fact, there are several types of costs associated with your participation in the Plan. While expenses for items like the collection and reconciliation of employer contributions, the keeping of participant records, the processing and delivery of benefit payments and the expenses associated with auditing and legal counsel are more obvious, there are other costs that Plan participants pay. And those expenses have an impact on the size of your account balance at retirement.

The information that follows is intended to provide you with a better understanding of expenses associated with your participation in the Plan. You'll learn:

- How administration expenses are handled.
- What costs are associated with elective Plan features.
- What fees are associated with the Plan's investment options.

In addition, you'll learn about rights you may have with respect to the Plan's operation, how the Plan's investments' performance compares to broad-based benchmarks, and where to go for additional information concerning the Plan's investments.

The fees and expenses associated with the Plan are not unusual. Almost all defined contribution Plans have such costs. Further, the fees and expenses associated with the Plan are reviewed regularly to make sure that they are competitive and reasonable. The objective of this communication is simply to provide you with more and better information for making investment and other Plan-related decisions.

Remember, too, that investment-related fees should be placed in context. A somewhat higher fee may be perfectly appropriate if an investment better suits your needs and goals.

If you have any questions concerning the information that follows, contact United Administrative Services at 408-288-4400.

# I.B.E.W. Local No. 332 Pension Plan Part B

General Information Concerning the Plan and Its Operating Expenses

This document contains important information concerning your retirement Plan. The first section provides information about the Plan in general, including any expenses you might incur through participation in the Plan or through taking advantage of different Plan features. The second section provides information about the Plan's investment alternatives, including any fees or expenses associated with those investments.

If you have questions concerning any of this information, contact United Administrative Services at 408-288-4400.

#### Plan Information

The Plan is intended to be an ERISA Section 404(c) Plan. This simply means that you "exercise control" over some or all of the investments in your Plan account. The fiduciaries of the Plan may be relieved of liability, or responsibility, for any losses that you may experience as a direct result of your investment decisions.

As a Plan participant, you may request certain information from Mike Vukson, Investment Consultant, Wells Fargo Advisors, LLC, 1 Almaden Boulevard, Suite 1000, San Jose, CA 95113, Phone: 800-876-4848, ext. 2872. This information includes: annual operating expenses of the Plan investments; copies of prospectuses, financial statements, reports, or other materials relating to Plan investments that have been provided to the Plan; a list of assets contained in each Plan investment portfolio; the value of those assets and fund units or shares; and the past and current performance of each Plan investment. Much of this information is also available on the Plan website at www.kandg.com (User Id and Password required). For information related to using the web site, contact Kaufmann and Goble at 800-767-1170.

You give investment directions for your Plan account, selecting from investment choices provided under the Plan, as determined by The Board of Trustees of the Plan.

You may change your investment choices at any time. Such changes will take effect on the next day the investment markets are open.

### Other Plan-related Expenses

Retirement plans have different types of expenses.

**Administration expenses** – These are charges for services such as legal, accounting and recordkeeping expenses.

In this Plan, such expenses are paid partly through the Plan sponsor and partly by participants. A participant's share of these expenses is allocated on a per capita basis. Your share of these expenses is a flat amount, \$25.00 per month.

The Plan benefits from revenue sharing, and these payments go to offset the administration expenses. The term "revenue sharing" refers to payments made indirectly to the Plan by one or more of the Plan's investment options. Any such payments are due to a contractual agreement between the sponsors of the Plan's investment options and the Plan's other advisors. In the absence of revenue sharing, a participant's share of these expenses would be higher.

Individual expenses - These are expenses you may incur that depend on your individual situation.

Domestic Relations Orders. If you receive a marital judgment that directs a portion of your account to a former spouse or other "Alternate Payee," your account and the Alternate Payee's account will each be charged \$300.00 for the Plan's legal costs associated with accepting the judgment as a Qualified Domestic Relations Order and directing the division of the account.

Loan Fees: Participants will be charged fees for loan preparation, loan collection, and a credit check. The fees will be uniformly applied to Participants/borrowers, but may be changed periodically. All loan fees will be deducted for the Participant's account as an administrative expense.

*Incoming Rollovers*. If you ask the Plan to accept a rollover on your behalf that originates from another qualified retirement plan, your account will be charged 2% of the rollover amount upon its acceptance.

#### I.B.E.W. Local No. 332 Pension Plan Part B

Investment Options -03/31/2020

This document includes important information to help you compare the investment options under your retirement Plan. If you want additional information about your investment options, you can go to the specific Internet Web site addresses shown below or you can contact Kaufmann and Goble Associates at 800-767-1170. A free paper copy of the information available on the Web pages can also be obtained by contacting Kaufmann and Goble Associates.

#### **Document Summary**

This section provides information about each investment's return (i.e., how much money an investor might have made) over certain time periods. You can also determine the fees and expenses you will pay if you invest in an option.

Some of the terms and concepts in this document may be confusing to Plan participants who are not familiar with investing. The glossary at http://www.investmentterms.com/ will provide help in understanding the concepts.

#### Part I. Performance Information

**Table 1** provides information about Plan investment options that do not have a fixed or stated rate of return. The value of these investments may go up or down. The table shows how these options have performed over time.

Each investment in the table also has a "benchmark". The benchmark allows you to compare an investment's performance to the performance of a widely used collection of investments. While you cannot invest in a benchmark, the performance of the benchmark will give you an idea of how well the investment did in the same time period. This section also contains a reference to a web page where you can find additional information about the investment.

Some other points to keep in mind:

- Past performance does not guarantee how the investment option will perform in the future. Your investment in these options could lose money. Information about an option's principal risks is available on the Web site[s].
- Total Annual Operating Expenses are expenses that reduce the rate of return of the investment option.
- Shareholder-type Fees, where they exist, are in addition to Total Annual Operating Expenses. Such fees are only incurred in specific circumstances and, at present, do not apply to any of the Plan's options.

# Part II. Fee and Expense Information

**Table 2** shows fee and expense information for the investment options listed in Table 1. Table 2 shows the Total Annual Operating Expenses of the options in Table 1. Total Annual Operating Expenses are expenses that reduce the rate of return of the investment option. Table 2 also shows Shareholder-type Fees. These fees are in addition to Total Annual Operating Expenses.

The cumulative effect of fees and expenses can substantially reduce the growth of your retirement savings. Visit the Department of Labor's Web site for an example showing the long-term effect of fees and expenses at <a href="https://www.dol.gov/sites/default/files/ebsa/about-ebsa/our-activities/resource-center/publications/a-look-at-401k-plan-fees.pdf">https://www.dol.gov/sites/default/files/ebsa/about-ebsa/our-activities/resource-center/publications/a-look-at-401k-plan-fees.pdf</a>. Fees and expenses are only one of many factors to consider when you decide to invest in an option. You may also want to think about whether an investment in a particular option, along with your other investments, will help you achieve your financial goals.

#### Part III. Annuity Information

**Table 3** focuses on the annuity options under the Plan. Annuities are insurance contracts that allow you to receive a guaranteed stream of payments at regular intervals, usually beginning when you retire and lasting for your entire life. Annuities are issued by insurance companies. Guarantees of an insurance company are subject to its long-term financial strength and claims-paying ability.

Although the Plan allows a participant to choose to take payment of retirement benefits in the form of an annuity, there are no investment alternatives that have specific annuity characteristics. Therefore, there is relatively little information to be disclosed in this regard.

	Table 3—Annuity Options								
Name	Objectives / Goals	Pricing Factors	Restrictions / Fees						
Lifetime Income Option	To provide a guaranteed stream of income for your life.	N/A	N/A						
Joint and 50% Survivor Option	To provide a (reduced) guaranteed stream of income for your life, with one-half of the monthly payment continuing to your surviving spouse after your death.	N/A	N/A						
Joint and 75% Survivor Option	To provide a (reduced) guaranteed stream of income for your life, with 75% of the monthly payment continuing to your surviving spouse after your death.	N/A	N/A						
Joint and 100% Survivor Option	To provide a (reduced) guaranteed stream of income for your life, with 100% of the monthly payment continuing to your surviving spouse after your death.	N/A	N/A
